

Helping issuers to understand the Mastercard and Visa certification processes.

This training course is designed to inform issuers banks about the Mastercard and Visa certification processes. It also offers guidance on each step of the integration process for issuers looking to implement new cards.

Objectives

- Understand the Mastercard Integration Process.
- Understand the Visa Integration Process.
- Identify the challenges at each step of the certification processes.

Key topics

- What is an EMV® migration for card?
- Step-by-step account of the Mastercard Integration Process.
- Step-by-step account of the Visa Integration Process.
- Mandatory and optional services.

Audience

Issuer who wants to master the implementation of a new card, in the Mastercard and Visa environments.

Prerequisites

Basic knowledge of payment, terminal and card systems. Completion of the "Payment Ecosystem introduction" training would be an advantage.
