

Get a comprehensive overview of the Visa Ready for Transit program.

This course provides an overview of how Visa contactless payments are processed in urban mobility systems. It offers insight and guidance to those considering or planning to implement a Visa mobility and transport transaction system within their transport infrastructure.

Objectives

- Understand the Visa Ready for Transit program.
- Get detailed information about the urban mobility transaction model.
- Learn about the impact on each stakeholder in detail.
- Define each stage in a Visa Transit deployment project.

Key topics

- Open loop systems.
- Known Fare Transactions.
- Mobility and transport transactions.
- Impact at each system level.
- Project deployment.

Audience

- Transport ticketing stakeholders.
- Management and staff members considering or planning to implement a Visa Mobility Transport Transaction system.

Prerequisites

Basic knowledge of Automatic Fare Collection (AFC) systems. Completion of the "AFC ecosystem overview" training would be an advantage.

Price

Visit our website for more information about our training offer. For any specific requests, please contact us.
